## AMR TO TAKE NURSING FACILITY RESIDENT “HOME FOR THE HOLIDAY”

**(San Diego, CA – December 23, 2009)** A nursing home patient in San Diego County will enjoy Christmas day with loved ones at their family residence, thanks to a holiday goodwill project from American Medical Response (AMR) ambulance service.

With the project, called “Home for the Holiday,” AMR donates roundtrip ambulance service on Christmas day for a selected nursing home patient, to and from their family residence. The nursing home selected the participating patient earlier this month. News media representatives are welcome to attend the event. An AMR representative will be available to answer questions.

Travis Kusman, Operations Manager for AMR San Diego said, “Anyone who has been away from home during the Holiday Season knows the longing that comes with missing that special time with the family. With this project, AMR helps elders go home for that great tradition.”

Kusman added, “AMR’s paramedics and EMTs look forward to this project every year. Our caregivers often build personal relationships with nursing homes and their residents, and ‘Home for the Holiday’ let’s our dispatchers and crews interact with the nursing home staffs, their residents and families in a warm light.”

AMR has offered ambulance service in San Diego County for over 60 years.

*American Medical Response Inc. ([www.amr.net](http://www.amr.net)), America’s leading provider of medical transportation, is locally operated in 40 states and the District of Columbia. AMR’s 18,500 paramedics, EMTs and other professionals transport more than four million patients nationwide each year in critical, emergency and non-emergency situations. Operating a fleet of approximately 4,500 vehicles, AMR, a subsidiary of Emergency Medical Services Corporation, is headquartered in Greenwood Village, CO.*
